WHAT'S
NEW?

HALF-PIPE **NEW** "FV MARK" 18 MC
MEANS GREATER STABILITY AND IMPROVED PERFORMANCE

NEW

semi-rigid frontal cylinder,
working the reverse way than before

NEW

three-sections tipper structure and
wider surface of the 8mm body-floor

NEW

extra wider and bolted rear fulcrum

NEW

thanks to the greater stability, the
stabilizing bar is not compulsory anymore!

NEW

last but not the least...
"MARK" decorations design!
